Permanent power supply on street lighting

PoE/PoE+/HiPoE (IEEE 802.3af/at/bt)

OUTDOOR

Reliable power supply and active protection in all circumstances

The EPV VIEW range enables the quick deployment of video protection systems or other Smart City equipment. Particularly well-suited to installations consisting of a camera and a transmission system, it creates a reliable, long-lasting solution. It uses the existing street lighting infrastructure to ensure a 24/7 power supply.

EPV VIEW
210 x 721 x 130 mm

Main functions

- ~ Power your equipment with PoE up to 60 W
- ~ Power your antennas with 12 V or 24 V PoE
- ~ Supplies up to 100 W
- ~ Configurable voltage: 12 V DC or 24 V DC
- ~ 10 kA lightning surge arrester
- ~ Full outdoor enclosure: IP66, IK10
- ~ Vandal-proof: IK10 impact resistance and cable protection housing

The advantages of the EPV VIEW range

- ~ Transmits data and images to your supervisor
- ~ Protects against lightning strikes and electromagnetic interference
- ~ Ensures the operation 24/7
- ~ Easy installation thanks to quick connectors and door
- ~ Designed for outdoor use with waterproof, vandal-proof enclosure
- ~ Lithium battery SLAT with 10 year service life

*Manufacturer's extended warranty available, contact us for details.
